

Course Orthotics - Every Step of the Way

Course Description:

This course will explain the basics about how to order a custom foot orthotic. A review of foot anatomy and gait biomechanics will help provide a good foundation for ordering foot orthotics. The course will also teach you what to look for when performing a visual gait analysis and how to order pathology specific orthotics.

Course Format: Video + PowerPoint with Audio

Cost: \$75.00

Credits: 1.0

Instructor: Fareen Samji, C.Ped

Bio:

Fareen Samji is a Canadian Certified Pedorthist at Premier Orthotics Lab in Burlington, Ontario, Canada. After graduating with honours from McMaster University in Kinesiology she forayed into the world of professional golf and played professionally on mini tours around the world. Upon retiring from professional golf, she interned with several physicians and orthopedic surgeons while studying radiology technology in San Jose, California. An active Rotarian, Fareen is passionate about giving back to her community and helping the less fortunate. Fareen has been the Clinical Director and staff Pedorthist at Premier Orthotics Lab since 2006.
